| Product Information |                                                                                                                                                                                                                                                                                                                                                                                          |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular Formula   | C21H40O4                                                                                                                                                                                                                                                                                                                                                                                 |
| Molecular Weight    | 356.5399                                                                                                                                                                                                                                                                                                                                                                                 |
| Purity              | >99%                                                                                                                                                                                                                                                                                                                                                                                     |
| Alternate Name      | Oleic acid glycerol monoester, Glyceromonooleate, Monoglyceryl oleate, Monooleoylglycerol, Olein, mono-, Monolein [...], Glycerol oleate, Glycerol monooleate, Oleic monoglyceride, MAG-18:1, Glyceryl monooleate, 9-Octadecenoic acid (Z)-, monoester with 1,2,3-propanetriol, Glyceryl oleate, Glycerin monooleate, Oleylmonoglyceride, Glycerine monooleate, Oleic acid monoglyceride |
| Appearance          | Liquid                                                                                                                                                                                                                                                                                                                                                                                   |
| IUPAC Name          | 9-Octadecenoic acid (9Z)-, monoester with 1,2,3-propanetriol                                                                                                                                                                                                                                                                                                                             |
