

## 4,6-Dihydroxy-5-(o-methoxyphenoxy)-2,2'-bipyrimidine

**Catalog Number:** BC-11361

**CAS Number:** 329923-15-1

**Price:** [Online Inquiry](#)

| Product Information |                                                                                                                                                                                                                                                                     |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular Formula   | C15 H12 N4 O4                                                                                                                                                                                                                                                       |
| Molecular Weight    | 312.28                                                                                                                                                                                                                                                              |
| SMILES              | <chem>COc1ccccc1Oc2c(O)nc(nc2O)c3ncccn3</chem>                                                                                                                                                                                                                      |
| Alternate Name      | [2,2'-Bipyrimidin]-4(3H)-one, 6-hydroxy-5-(2-methoxyphenoxy)-, [2,2'-Bipyrimidin]-4(1H)-one, 6-hydroxy-5-(2-methoxyphenoxy)- (9CI), 4,6-Dihydroxy-5-(o-methoxyphenoxy)-2-(2-pyrimidinyl)pyrimidine, 4,6-Dihydroxy-5-(2-methoxyphenoxy)-2-(pyrimidin-2-yl)pyrimidine |
| Appearance          | TRC-D453180-5MG                                                                                                                                                                                                                                                     |
| IUPAC Name          | 5-(2-methoxyphenoxy)-2-pyrimidin-2-ylpyrimidine-4,6-diol                                                                                                                                                                                                            |

| Properties          |                  |
|---------------------|------------------|
| Storage Conditions  | -20°C            |
| Shipping Conditions | Room Temperature |
