

ATP Assay Kit - Chemiluminescence

Catalog Number: AKAS0146

Price: [Online Inquiry](#)

Product Information	
Product Name	ATP Assay Kit - Chemiluminescence
Instruments	Chemiluminescence Immunoassay Analyzer Microplate Reader
Sample Type	Serum (Plasma), Tissue, Cells, Culture Supernatant, Bodily Fluids
Research Area	TCA Cycle Oxidative Stress ATP and Related
Detection Principle	Under the catalyzation of luciferase, ATP react with luciferin and emits fluorescence, and the fluorescence intensity is proportional to the concentration of ATP within a certain range.
Assay Time	15 min
Storage	-20°C
Shipping Conditions	Gel Pack
