| Product Name        | CD NHP IL-7 Assay                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| Description         | The CD platform offers validated components that can be combined to create high quality assays quickly and easily. The CD Non-human primate IL-7 Assay has the essential components for an assay that measures IL-7 in a single-analyte format. For information on multiplexing IL-7 with other analytes, please see CD Custom Biomarker Group 1 (NHP) Assays. Related Key Terms: Lymphopoietin 1, PBGF, cytokine, interleukin, hematopoiesis, lymphopoiesis, immunity, cancer, multiple myeloma, acute lymphoblastic leukemia, T-cell leukemia |
| Applications        | Cytokines & Chemokines , Immunology/Inflammation                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| Analytes            | IL-7                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Species             | Non-human primate                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

|---------------------|---------|------------------|

## Kit Contents

|                                                    |         |                      |
|----------------------------------------------------|---------|----------------------|
| Calibrator 3                                       | 2-8 °C  | 1 vial(1 vial)       |
| MSD GOLD 96 Small Spot SA Plate Pack, SECTOR Plate | 2-8 °C  | 1 each(1 plate)      |
| Diluent 100                                        | 2-8 °C  | 1 bottle(50 mL)      |
| Diluent 3                                          | ≤-10 °C | 1 bottle(8 mL)       |
| Diluent 57                                         | ≤-10 °C | 1 bottle(10 mL)      |
| MSD GOLD Read Buffer B                             | RT      | 1 bottle(18 mL)      |
| CD Human IL-7 Antibody Set (1 Plate Size)          | 2-8 °C  | 1 each(1 plate size) |

### AK1335-2

| Product Description                                | Storage | Quantity per Kit     |
|----------------------------------------------------|---------|----------------------|
| Diluent 100                                        | 2-8 °C  | 1 bottle(50 mL)      |
| MSD GOLD Read Buffer B                             | RT      | 1 bottle(90 mL)      |
| Diluent 57                                         | ≤-10 °C | 1 bottle(50 mL)      |
| Diluent 3                                          | ≤-10 °C | 1 bottle(40 mL)      |
| MSD GOLD 96 Small Spot SA Plate Pack, SECTOR Plate | 2-8 °C  | 5 each(1 plate)      |
| Calibrator 3                                       | 2-8 °C  | 5 vial(1 vial)       |
| CD Human IL-7 Antibody Set (5 Plate Size)          | 2-8 °C  | 1 each(5 plate size) |

### AK1335-4

| Product Description                                | Storage | Quantity per Kit     |
|----------------------------------------------------|---------|----------------------|
| CD Human IL-7 Antibody Set (5 Plate Size)          | 2-8 °C  | 5 each(5 plate size) |
| Calibrator 3                                       | 2-8 °C  | 25 vial(1 vial)      |
| MSD GOLD 96 Small Spot SA Plate Pack, SECTOR Plate | 2-8 °C  | 25 each(1 plate)     |
| Diluent 100                                        | 2-8 °C  | 5 bottle(50 mL)      |
| Diluent 3                                          | ≤-10 °C | 5 bottle(40 mL)      |
| Diluent 57                                         | ≤-10 °C | 5 bottle(50 mL)      |
| MSD GOLD Read Buffer B                             | RT      | 5 bottle(90 mL)      |
