

## Rat TF(Tissue Factor) ELISA Kit

**Catalog Number:** MAK0300

**Price:** [Online Inquiry](#)

| Product Information |                                           |
|---------------------|-------------------------------------------|
| Product Name        | Rat TF(Tissue Factor) ELISA Kit           |
| Reactivity          | Rat                                       |
| Assay Type          | Sandwich-ELISA                            |
| Product Size        | 96T/48T                                   |
| Sample Type         | Serum, plasma and other biological fluids |
| Sample Volume       | 100 µL                                    |
| Assay Time          | 3.5 h                                     |
| Detection Range     | 31.25-2000 pg/mL                          |
| Sensitivity         | 18.75 pg/mL                               |
| Reproducibility     | Both intra-CV and inter-CV are < 10%      |
| Research Area       | Cancer, Cardiovascular                    |
| Storage             | 2-8°C                                     |
| Expiration Date     | 1 month                                   |
