

## Human NOX5(Nicotinamide Adenine Dinucleotide Phosphate Oxidase 5) ELISA Kit

**Catalog Number:** MAK0764

**Price:** [Online Inquiry](#)

### Product Information

|                 |                                                                             |
|-----------------|-----------------------------------------------------------------------------|
| Product Name    | Human NOX5(Nicotinamide Adenine Dinucleotide Phosphate Oxidase 5) ELISA Kit |
| Reactivity      | Human                                                                       |
| Assay Type      | Sandwich-ELISA                                                              |
| Product Size    | 96T                                                                         |
| Sample Type     | Serum, plasma and other biological fluids                                   |
| Sample Volume   | 100 µL                                                                      |
| Assay Time      | 4.5 h                                                                       |
| Detection Range | 31.25-2000 pg/mL                                                            |
| Sensitivity     | 18.75 pg/mL                                                                 |
| Reproducibility | Both intra-CV and inter-CV are < 10%                                        |
| Synonym         | NOX5, NADPH oxidase 5                                                       |
| Storage         | 2-8°C                                                                       |
| Expiration Date | 1 month                                                                     |
