

## TCs(Tetracyclines) ELISA Kit 1

**Catalog Number:** FSK0006

**Price:** [Online Inquiry](#)

Product Information	
Product Name	TCs(Tetracyclines) ELISA Kit 1
Reactivity	Universal
Sample Type	Muscle, Liver, Egg, Honey, Urine, Milk, Milk powder
Analytes	Quantitative analysis of Tetracyclines.
Reaction Temperature	25°C
Assay Time	30 min, 30 min, 15 min
LOD (Detection Limit)	Muscle, Liver, Eggs-0.4 ppb; Honey-2 ppb; Urine-0.5 ppb
Sample Preparation	Preparation methods are included in the kit description.
Instruments	Spectrophotometer, Microplate, Auto-analyser
Detection Method	Absorbance
Wave length (nm)	450 nm/630 nm
Detection Range	See the manual for details
Storage	2-8°C, avoid freeze
Expiration Date	1 year
