

SMZ(Sulfamethoxazole) ELISA Kit

Catalog Number: FSK0017

Price: [Online Inquiry](#)

Product Information	
Product Name	SMZ(Sulfamethoxazole) ELISA Kit
Reactivity	Universal
Sample Type	Muscle, Honey, Serum, Urine, Egg, Milk, Feed
Analytes	Quantitative analysis of Sulfamethoxazole.
Reaction Temperature	25°C
Assay Time	45 min, 15 min
LOD (Detection Limit)	Muscle (method 1)-0.1 ppb; Muscle (method 2)-1 ppb, Honey-0.1 ppb,Serum, Urine-0.4 ppb; Milk-2 ppb; Feed-4 ppb
Sample Preparation	Preparation methods are included in the kit description.
Instruments	Spectrophotometer, Microplate, Auto-analyser
Detection Method	Absorbance
Wave length (nm)	450 nm/630 nm
Detection Range	See the manual for details
Storage	2-8°C, avoid freeze
Expiration Date	1 year
