TP(Thiamphenicol) ELISA Kit

Catalog Number: FSK0048

Price: Online Inquiry

Product Information	
Product Name	TP(Thiamphenicol) ELISA Kit
Reactivity	Universal
Sample Type	Muscle, Egg, Milk, Urine
Analytes	Quantitative analysis of Thiamphenicol.
Reaction Temperature	25℃
Assay Time	30 min, 15 min
LOD (Detection Limit)	Muscle-1 ppb; Eggs-5 ppb ; Raw milk-1 ppb
Sample Preparation	Preparation methods are included in the kit description.
Instruments	Spectrophotometer, Microplate, Auto-analyser
Detection Method	Absorbance
Wave length (nm)	450 nm/630 nm
Detection Range	See the manual for details
Storage	2-8℃, avoid freeze
Expiration Date	1 year
