

QCA(Quinoxaline-2-carboxylic acid) ELISA Kit

Catalog Number: FSK0050

Price: [Online Inquiry](#)

Product Information	
Product Name	QCA(Quinoxaline-2-carboxylic acid) ELISA Kit
Reactivity	Universal
Sample Type	Muscle, Egg, Liver, Milk
Analytes	Quantitative analysis of Quinoxaline-2-carboxylic acid.
Reaction Temperature	25°C
Assay Time	30 min, 15 min
LOD (Detection Limit)	Muscle-1 ppb
Sample Preparation	Preparation methods are included in the kit description.
Instruments	Spectrophotometer, Microplate, Auto-analyser
Detection Method	Absorbance
Wave length (nm)	450 nm/630 nm
Detection Range	See the manual for details
Storage	2-8°C, avoid freeze
Expiration Date	1 year
