

Fumonisin ELISA Kit

Catalog Number: FSK0077

Price: [Online Inquiry](#)

Product Information	
Product Name	Fumonisin ELISA Kit
Reactivity	Universal
Sample Type	Cereals, Feed
Analytes	Quantitative analysis of Fumonisin.
Reaction Temperature	25°C
Assay Time	10 min, 5 min
LOD (Detection Limit)	Cereals, Feed --500 ppb; Bran--300 ppb; Beer--50 ppb
Sample Preparation	Preparation methods are included in the kit description.
Instruments	Spectrophotometer, Microplate, Auto-analyser
Detection Method	Absorbance
Wave length (nm)	450 nm/630 nm
Detection Range	See the manual for details
Storage	2-8°C, avoid freeze
Expiration Date	1 year
