

## ABM(Abamectin) ELISA Kit 2

**Catalog Number:** FSK0081

**Price:** [Online Inquiry](#)

Product Information	
Product Name	ABM(Abamectin) ELISA Kit 2
Reactivity	Universal
Sample Type	Milk, Muscle, Liver
Analytes	Quantitative analysis of Abamectin.
Reaction Temperature	25°C
Assay Time	40 min, 15 min
LOD (Detection Limit)	Raw milk, Muscle, Liver-2 ppb
Sample Preparation	Preparation methods are included in the kit description.
Instruments	Spectrophotometer, Microplate, Auto-analyser
Detection Method	Absorbance
Wave length (nm)	450 nm/630 nm
Detection Range	See the manual for details
Storage	2-8°C, avoid freeze
Expiration Date	1 year
