

IVM(Ivermectin) ELISA Kit

Catalog Number: FSK0089

Price: [Online Inquiry](#)

Product Information	
Product Name	IVM(Ivermectin) ELISA Kit
Reactivity	Universal
Sample Type	Milk, Yogurt
Analytes	Quantitative analysis of Ivermectin.
Reaction Temperature	25°C
Assay Time	30 min, 30 min, 15 min
LOD (Detection Limit)	Raw milk, Finished milk, Yogurt -1 ppb
Sample Preparation	Preparation methods are included in the kit description.
Instruments	Spectrophotometer, Microplate, Auto-analyser
Detection Method	Absorbance
Wave length (nm)	450 nm/630 nm
Detection Range	See the manual for details
Storage	2-8°C, avoid freeze
Expiration Date	1 year
