

## 4-Amino-2-methoxybenzoic acid

**Catalog Number:** UD-0218

**Product Size:** 5 g; 25 g

**Price:** [Online Inquiry](#)

| CAS Number | MDL Number   | Molecular Formula                                                                  | Molecular Weight |
|------------|--------------|------------------------------------------------------------------------------------|------------------|
| 2486-80-8  | MFCD00114479 | H <sub>2</sub> NC <sub>6</sub> H <sub>3</sub> (OCH <sub>3</sub> )CO <sub>2</sub> H | 167.16           |

| Properties    |                                                                                                         |
|---------------|---------------------------------------------------------------------------------------------------------|
| Purity        | 97%                                                                                                     |
| SMILES String | <chem>COc1cc(N)ccc1C(=O)O</chem>                                                                        |
| InChI         | 1S/C <sub>8</sub> H <sub>9</sub> NO <sub>3</sub> /c1-12-7-4-5(9)2-3-6(7)8(10)11/h2-4H,9H2,1H3,(H,10,11) |
| InChI Key     | OLJXRTRRJSMURJ-UHFFFAOYSA-N                                                                             |
| Melting Point | 149-153 °C (lit.)                                                                                       |
