# Malate Assay Kit

**Catalog Number:** EK0195

**Product Size:** 1 KT

**Price:** Online Inquiry

| Product Information | |
|---|---|
| Storage Temperature | −20°C |
| Shipping Conditions | Gel ice pack. |
| Detection Method | Colorimetric |
| Usage | Sufficient for 100 colorimetric tests. |
| Description | L-Malate is an intermediate in the tricarboxylic acid cycle (TCA cycle). It is an important component of the malate-aspartate shuttle, which is required for transporting reducing equivalents across the mitochondrial membrane. Malate Assay Kit can be used to measure the level of L-malate in various tissue and cell culture samples. |
