

## hNAT10 gRNA1-gRNA2 KO plasmid

**Catalog Number:** GP01121

**Price:** [Online Inquiry](#)

| Product Information     |                                           |
|-------------------------|-------------------------------------------|
| Product Name            | hNAT10 gRNA1-gRNA2 KO plasmid             |
| gRNA sequence           | ACATGCCGAAGGTATTGCCC,GGCTGCTATGAAGAGTTCAA |
| Gene                    | hNAT10                                    |
| Gene ID                 | 55226                                     |
| Fluorescence/resistance | EGFP/puro                                 |
| Vector type             | Lentiviral vector                         |
| specification           | 1ml/tube                                  |
