

## hCYBB gRNA3-gRNA4 KO plasmid

**Catalog Number:** GP01263

**Price:** [Online Inquiry](#)

| Product Information     |                                           |
|-------------------------|-------------------------------------------|
| Product Name            | hCYBB gRNA3-gRNA4 KO plasmid              |
| gRNA sequence           | AGCAGCACTTTGGATTAAGG,TTTATAGTTAGATTAAGTGG |
| Gene                    | hCYBB                                     |
| Gene ID                 | 1536                                      |
| Fluorescence/resistance | EGFP/puro                                 |
| Vector type             | Conventional vector                       |
| specification           | 1ml/tube                                  |
