

## hOPRK1 gRNA1 KO plasmidhOPRK1 gRNA2 KO plasmidhOPRK1 gRNA3 KO plasmid

**Catalog Number:** GP01725

**Price:** [Online Inquiry](#)

| Product Information     |                                                                       |
|-------------------------|-----------------------------------------------------------------------|
| Product Name            | hOPRK1 gRNA1 KO plasmidhOPRK1 gRNA2 KO plasmidhOPRK1 gRNA3 KO plasmid |
| gRNA sequence           | CTACTCCGTAGTGTTCTCG                                                   |
| Gene                    | hOPRK1                                                                |
| Gene ID                 | 4986                                                                  |
| Fluorescence/resistance | EGFP/puro                                                             |
| Vector type             | Conventional vector                                                   |
| specification           | 1ml/tube                                                              |
